### DISCLAIMER

1. All test results released pertain solely to the specimen submitted to the laboratory.
2. Test results may show inter-laboratory variations depending on the instrumentation and methodology used.
3. Test results are dependent on the quality and condition of the sample received. Variations may occur based on the time of sample collection.
4. Laboratory investigations are intended only to assist in diagnosis and must be interpreted in conjunction with clinical findings by the referring physician or a registered medical practitioner.
5. Report delivery may be delayed due to unforeseen circumstances beyond the control of laboratory personnel. Any inconvenience caused is regretted.
6. Histopathology specimens will be discarded after one month for non-neoplastic lesions and after three months for neoplastic lesions from the date of report release.
7. The Result of the lab investigations can be downloaded using Smart phones. The link will be sent via SMS to the registered phone number and will be valid for 24 hours.
8. For queries related to test results, please contact Tel No. 0821-2335296
